Virtual Instruction Information

Hello Families,

TTA staff would like to share with you information about online instruction.

As we enter this new adventure of home-based learning through Google Classroom, I want you to know that you are surrounded with support. No matter the challenges we face or the difficulties we encounter, your teachers, principal and school staff will continue to work tirelessly to help your children move forward educationally.

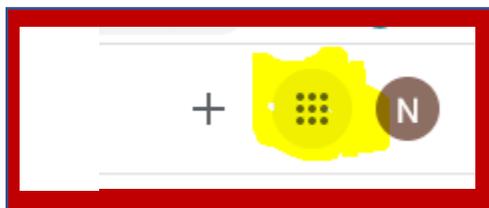

You know that our teachers love to be with your children, and while health and safety requires that we remain distant, our teachers will use technology and the telephone to re-connect and re-engage with your children to the best of their ability during this home-learning era.

Google Classrooms are now open for students. You can get there through our website, www.ttahs.com, using a computer or a smart phone. Teachers will be available via zoom to provide extra support for students.

These are uncharted waters. Let's move forward with patience and compassion. Let's embrace mindfulness and self-care, and together, let's do our very best for the children.

In preparation for Monday, here are some directions about how to access Google Classroom and how to log on to your TTA account.

- 1. Log in to Gmail account. If you do not have google account use the following link to create an account.**
www.gmail.com
- 2. Locate the “waffle” (the 9 little squares in the upper right-hand corner) or Google Apps icon and select Google Classroom from the drop-down menu.**
