

Think Trough Academy

Empower new generation learners to become collaborative, critical thinkers equipped for lifelong learning in an increasingly global community.”

Reopening School In-Person Update: 09-20-2020

Dear Think Trough Academy students and families,

The ADHS recommends schools to offer any in-person learning if the following health benchmarks fall within the moderate or minimal spread category in all three benchmarks for two weeks.

1. **Cases:** a two week decline in the number of cases or two weeks with new case rates below 100 per 100,000
2. **Percent positivity:** two weeks with less than 7% positivity
3. **COVID-like Illness Syndromic Surveillance:** two weeks with hospital visits due to COVID-like illness below 10%

After a review of the data gathered from the ADHS, to determine the Level of Spread occurring within TTA community, it was apparent that the overall risk level of zip code 85017 where the TTA is located is Moderate. The community fully meet benchmarks 1 and 3 and partially meet benchmark 2. Thus, the recommended learning Scenario is still virtual w/ onsite support (figure # 1) until <7 % positivity for two weeks.

TTA will use continue using the Benchmark Dashboard data to make decision regarding reopening school in person safely. The next update from ADHS will be released September 24th, 2020
